THE OPEN ELECTRICAL & ELECTRONIC ENGINEERING JOURNAL

The Open Electrical & Electronic Engineering Journal is an Open Access online journal, which publishes research, reviews, letters and guest edited thematic issues in all important areas of electrical and electronic engineering. The journal encourages submissions related to recent developments in new and emerging fields including the following fields of electrical and electronic engineering:

- Circuits and Systems
- Power Systems
- Signal Processing Architectures and Image Processing
- Internet-based, multimedia, and wireless networks and its applications
- Communications and wireless system
- Algorithms and applications
- Green technologies
- Multi-disciplinary areas, including security, robotics and embedded systems

The Open Electrical & Electronic Engineering Journal, a peer-reviewed journal, is an important and reliable source of current information on important developments in the field. The emphasis will be on publishing quality articles rapidly and making them openly available to researchers worldwide.
